

Wynne Marketing is excited to announce that we have added O'Rourke Sales Company to our portfolio of providers.

Since 1965, O'Rourke Sales Company has grown into a national distribution and fulfillment company for electronics and appliances across multiple sales channels, including rent to own, premium and incentive, e-commerce, military exchanges, and both independent and national retailers. A dedicated family with a passion for service has culminated in over 55 years of operation for O'Rourke Sales Company. OSC began as O'Rourke Bros., a two-man distribution business that sold CB radios.

We look forward to working with you and O'Rourke for your next project, fulfillment or event.
